

Some questions you have asked and some others that you should have asked:

- The payment is the only requirement for the registration which ensures a seat.
- Fees are **\$450.00** for beginner session; **\$200.00** for advanced session. Yes; you may enroll for both or just either one of the sessions. (sorry! no ASLA discount).
- Checks to be made payable to UMASS and submitted to Terry Trudeau in the Department Office of Landscape Architecture and Regional Planning in room 109 Hills North.
- The workshop will take place in the Computer Lab of the Department of Landscape Architecture and Regional Planning located on the second floor next to my office #204.
- Sorry no credit is offered (this is not a course but a workshop).
- No preliminary CAD knowledge is necessary for the participants of the beginner session.
- Mainly 3D and some advanced application will be covered in the advanced session.
- No home works but simple practice exercises involved.
- You may use your laptop if you feel more comfortable doing so.
- AutoCAD 2007 is used in the computer labs.
